

New grain & profile coming January 2019!

The new Trex Transcend Classic Earth Tones collection heralds the next generation of Trex Transcend® high-performance decking, boasting an unprecedented combination of performance and aesthetics guaranteed to outperform wood, composite and PVC for decades to come.

CLASSIC EARTH TONES

What's changing:

- **A new grain pattern.** The new Transcend Classic Earth Tones deck boards feature a realistic grain pattern that complements the existing Transcend Tropics offerings. It is also easier to keep clean than the current classic boards.

NOTE: Due to the difference in grain patterns, it will not be possible to swap, replace or interchange current Classic boards with the new generation boards.

- **New chamfered profile.** This subtle profile change to grooved products mitigates whistling in coastal and high-wind areas. A similar modification will be made to the Trex Transcend Tropic grooved profile in Fall 2018. All boards will continue to have the same 1" nominal thickness.

For Transcend Tropics ONLY, this will be a running change maintaining the current SKUs.

Current

New

- **New part numbers.** Distinct SKU numbers will be assigned to the new Transcend classic products to differentiate between product generations.

What's staying the same:

- **Pricing.** We're proud to offer the newest generation of Trex Transcend Classic Earth Tones decking – with better aesthetics at the exact same price as the previous generation.
- **Colors.** The new Transcend Classic Earth Tones collection marks the return of our five original nature-inspired Transcend colors: **VL** - Vintage Lantern, **GP** - Gravel Path, **TH** - Tree House, **FP** - Fire Pit, **RS** - Rope Swing
- **Dimensions.** Trex Transcend Classics will continue to be stocked in all the same profiles and lengths.
 - 1x6 (SQ and GV) in 12ft, 16ft, and 20ft lengths
 - 1x8x12ft
 - 1x12x12ft
 - 2x6 Special Order only in 1/2TL minimum order by color. (Same as today.)
 - 2x4 Special Order only in 5-unit minimum order by color. (Same as today.)
- **Same warranty.** The entire Trex Transcend product line – including the new Classic Earth Tones and existing Tropics offerings – will continue to be backed by the current 25-Year Limited Residential and 25-Year Limited Fade and Stain Warranty.
